<b>The Ice Monster!</b>	<b>CROSS CURRICULAR LEARNING</b> As we are reading the 'Ice Monster' which is about an orphaned girl and her mammoth friend, I'd like you to find out about mammoths and what it was like to be an orphaned homeless child in Victorian times. Web sites about mammoths:				

<https://www.dkfindout.com/uk/dinosaurs-and-prehistoric-life/prehistoric-mammals/woolly-mammoth/>

<https://www.natgeokids.com/uk/primary-resource/woolly-mammoth-primary-resource/>

<https://kids.kiddle.co/Mammoth>

#### HISTORY

As we are reading the Ice Monster book which is about an orphan and her adventures with a mammoth. I'd like you to look at this clip about the life of Dr Barnardo who started a charity in Victorian times to help orphan children. Find out about what it was like for children living in slums and the 'ragged schools'. Adults – please watch the bbc teach clip first as there is reference to a boy dying.

<https://www.barnardos.org.uk/who-we-are/our-history>

<https://www.bbc.co.uk/teach/class-clips-video/true-stories-thomas-barnardo/zky7pg8>

#### ART/SCIENCE

We are going to get busy with collage and pattern this week. Find out about how different animals camouflage themselves and why. I have put a couple of links up on the web site for you to have a look at. There are some incredibly beautiful creatures who are super clever about making themselves invisible using camouflage. Take a look at the animal patterns then create your own camouflage patterns on paper then use different patterns to create a camouflaged creature!
