

Blackwater Community Primary School

Use and Impact of Sports Funding 2017/ 2018

PLEASE NOTE THAT WE ARE WAITING FOR DETAILS OF SPORTS FUNDING ALLOCATION 17 / 18 – Chris Wilson October 2017

Partnership

Blackwater Community Primary School is one of 11 schools that form the Richard Lander Cluster. Meeting every half term we endeavour to share best practice and facilitate opportunities for KS1 and KS2 children to participate in competition and skills development. We also work closely with the Penair Cluster increasing sporting opportunities for children in the Truro area.

Recently, Blackwater has seen increasing participation in competition, including entry into netball leagues, basketball and girl's football competitions for the first time. We continue to participate in swimming galas, KS1 multi-skills and cross-country and various other competitions. Entry into all sports competitions and transport to and from venues is funded from Sports Premium Income.

Events in green are those we have taken / will take part in during 2017 / 18:

Blackwater Entries to Richard Lander Cluster Primary Sports 2017/18

GREEN = ENTERED

YELLOW = DEPENDENT ON QUALIFICATION

15th June Min Orange tennis Truro TC

Friday 29th June- Cornwall School Games (Venue tbc)

July

Week beginning 9th July- Primary Olympic day/Summer Sports festival (Lander Cluster only) @ Richard Lander

Sport Premium Funding 2016 / 17

Sports premium funding in the academic year 16 -17 was **£8000 plus £5 per pupil as based on January Census.**

Allocation

In 2016 / 17, sports Premium funding has allowed / will allow us to appoint 2 specialist sports coaches from Plymouth Argyle FC who work from 9.00 until 4.15 each Friday at £150 per day.

In the academic year 2016 / 17, this enabled us to offer:

- 1:1 fine and gross motor skills sessions to children who need it throughout the school, but largely targeted to EYFS and Y1
- 2 after school football clubs in addition to the 11 clubs already offered
- More insightful assessment of pupil's attainment and progression (see records in HT office)

In addition, we have also made a contribution to the Richard Lander of £1000 which has enabled us to continue our participation in inter-school competitions and the funding has also enabled us to release staff to attend additional tournaments, leagues, festivals, development events and conferences. We are providing improved and additional equipment we believe this is, and will continue to, contribute to improved standards and sustainable provision across the school.

Sport Premium funding is used to ensure that participation in all sporting events is free to enter and that transport is free of charge.

Provision

We view PE as a core subject, ensuring pupils engage in a minimum of 2 hours of physical activity per week. Our curriculum provision is predominantly through our 2 year rolling programme of PE, supplemented by opportunities for lifesaving and swimming in years 5 and 6 throughout the autumn term (our aim is that all children can swim 25m unaided by the end of year 6). We also run a beach safety workshop / assembly for all children on 18th April 2017 and a Hit the Surf event, in the sea, for all children in KS2 on 24th and 26th May 2017.

Our PE provision facilitates clear progression and consistency through lessons and teaching that improves children's attitude and abilities in exercise, teamwork, sportsmanship, motivation and leadership skills. As a healthy school we promote participation by holding many in school events including: walking and biking to school, wake and shake, sports days, cross country and swimming galas. We also ensure that all children in the school have the opportunity to swim in the sea and that all children in Key Stage 2 have the opportunity to surf / life-save.

For a full list of the all Extra Curricular activities we currently offer, please refer to our website.

Future

We realise that enabling pupils to realise their potential will require ongoing improvement and intend to achieve this by:

- Purchase Cardio Wall machines
- increasing participation in a wider variety of external competitions
- increased opportunity for gifted and talented pupils, including sports leadership provision.
- development of and use of community links
- improving Quality of Teaching

For more information regarding PE at Blackwater CP School, please refer to the PE rolling programme on our website, where you can also find our development plan, and records of achievement stored in the head teachers office. Further information on the Sports Premium can be found at:
